Grades: K - 4

ENERGIZE IT!

Explore the many facets of energy, forces, motion, potions, and yes...slime! Reach for your potential...and kinetic energy as you experiment with gadgets, cars, and catapults. Slide down the colorful pH scale and make liquids bubble, fizz, and pop. Learn the physics of optical illusions and build your own periscope. Ooze into a gooey hour of sliming around and make multiple slime concoctions. Act out hot molecule movements and discover some unusual applications of glow-in-the dark technology. Explore forces by making centrifuges, spinning gyroscopes, and building your own center of gravity game. Put your seat belt on...these energetic classes are going to make you have a blast!

Dates: 1/22, 1/29, 2/5, 2/12, 2/26, 3/4, 3/11, 3/18

Price: $114.00
